

# Attention Residents

**As of Tuesday, September 16 – the Commodore Clubhouse is closed to all activities.**

This is required to allow our flooring provider to remove all old flooring and prepare the concrete floors for the installation of our new vinyl plank flooring.

**NO FLOORING WILL BE INSTALLED UNTIL THE WINDOWS HAVE BEEN INSTALLED AND THE BUILDING HAS BEEN SEALED.**

This floor preparation should take approximately 2 weeks. As this work nears completion, the Common Elements Board will determine whether it is appropriate to reopen the building for use.

Thank you.
